*Based on related perfluorinated compounds

Engineering Controls: Use only with adequate ventilation. Do not aerosolize. In spray applications, use airless type pressure spray equipment** at less than 60 psi to minimize worker exposure to mists and over spray. ** "Garden-type" pump sprayers with tip orifices of 0.031 in. (0.79mm) or larger keep respirable particles below exposure limits under normal conditions.

Personal Protective Equipment:
 Skin and Eye Protection: Wear suitable protective clothing, gloves, and eye protection. (S36/37/38)
 Respiratory Protection: Do not breathe mist. (S23) Use only appropriate sprayer (above).
